Art. 2 – Requirements

According to the Italian law for “Assegni di Ricerca” applicants must fulfill the following requirements in order to participate in the selection:

- Doctorate in Astronomy or Physics or equivalent, obtained from an Italian or foreign University, or, equivalently, university predoctoral degree in the same fields plus 3-year post-graduate research experience
- Excellent command of the English language
-

The following knowledge, skills and experience will be considered as preferential qualifications in one or more of the following field:

- Gamma Ray Astrophysics
- Knowledge with Cherenkov Telescope Astronomy
- Knowledge of Cherenkov Astronomical techniques
- Modellization of astrophysical phenomena in Very High Energy Gamma Rays

Art. 3 – Application procedure

Applications should be sent **in electronic form** (PDF), to the attention of Luca Ciarfaglia and Rachele Millul at the addresses: luca.ciarfaglia@brera.inaf.it and rachele.millul@brera.inaf.it. Only applications received **within February 15 th, 2015** will be taken into full consideration. Please quote reference **"Cherenkov Astronomy beyond 5 TeV"** on all correspondence.

A printed copy of the application, properly signed, shall also be sent by standard mail at the following address:

Ufficio Concorsi – INAF - Osservatorio Astronomico di Brera, Via Brera 28, 20121 Milano, Italy

A. The applicant should send the following documents properly signed and dated:

- (1) Application Form, as available in Annex 1, duly filled in;
- (2) Curriculum Vitae detailing in particular the past experiences on the subject of this fellowship;
- (3) Statement of research interests and qualifications;
- (4) List of publications;
- (5) Copy of a valid identity document (ID card or passport);

B. In the Application Form, the applicant must explicitly state, under his/her own responsibility:

- Name(s) and surname, date and place of birth, nationality, place of residence and address for correspondence;
- That he/she satisfies all the requirements described in article 2 of this Call;
- That he/she is aware of and is not ineligible under any of the restrictions described in Article 4 of this Call.

DI BRERA

The lack of any of the above mentioned statements or sign would determine the exclusion from the selection procedure for incomplete application.

C. The applicant should also arrange to have at least two letters of reference by scientists familiar with his/her work, sent to the same e-mail addresses (luca.ciarfaglia@brera.inaf.it and rachele.millul@brera.inaf.it).

It is the responsibility of the applicant to provide correct contact details for communication purposes. INAF accepts no responsibility for any miscommunication that may arise due to inaccurate contact details or if such details are out of date. INAF also denies liability for any problem related to the postal delivery service.

Art. 4 – Ineligibility and incompatibility with other funding

The Research fellowships cannot be held either by INAF employees (holding both permanent and non-permanent contracts), nor by regular employees of Institutes listed in article 22, paragraph 1 of Italian Law n. 240/2010. Fellowship holders are not allowed to enroll in a “Laurea Specialistica”, or “Laurea Magistrale” (Master Level) degrees, or to enter a PhD program covered by a separate fellowship. For employees of the Italian Public Administration, a compulsory unpaid leave of absence is foreseen. Retired persons are also not eligible for these research fellowships.

The fellowship cannot be held contemporarily with other fellowships of any kind, except those awarded with the aim of integrating the training or research activity of the fellowship holder through a period spent abroad. Aggregation of income from working activities, also part-time, carried out continuously is not accepted. Instead, limited self-employed occasional work is compatible with the fellowship, only if this is not prejudicial to the research activity carried out for INAF. This must be authorized in advance by the Director of INAF/OA-Brera, where most part of the research activity is carried out.

When formally accepting the fellowship, the successful candidate will declare that he/she is not cumulating fellowships. Also excluded are persons who have been beneficiaries of Research fellowships under article 22 of Italian Law 240/2010 for a total period exceeding four years, including extensions, but excluding the periods in which the fellowship has been held in coincidence with Doctoral studies (up to the maximum legal time limit of the course), as well as periods of maternity leave or sick leave, in accordance with current legislation.

Art. 5 – Duration of the research fellowships

The Research fellowships are initially awarded for **24 months** and can be further extended, upon availability of funding (also from different financial sources) and a positive assessment by the responsible of the research project, Dr. G. Ghisellini.

**OSSERVATORIO ASTRONOMIC
DI BRERA**

In accordance with the Italian Law n. 240/2010 the total duration of the fellowship will not in any case exceed four years (excluding periods of maternity leave or sick leave, in accordance with current legislation.)

Art. 6 – Host Institution

The fellows will carry out the research at the Merate premises of INAF Osservatorio di Brera, where the team is based.

Art. 7 – Salary

The gross yearly salary for this position is **28.000 (twentyeight-thousand/00) Euro**. This amount is net of burdens to be charged to INAF/OA-Brera and will be paid in deferred monthly installments.

Applicable fiscal rules are the provisions of art. n. 4 of Italian law n. 476/1984 and subsequent modifications and integrations. Applicable social security rules are defined by art. n. 2, paragraph 26 and following paragraphs of the Italian Law n. 335/1995 and subsequent modifications and integrations. Applicable rules for obligatory maternity leave are provided in the Decree of the Italian Ministry of Labour and Social Security dated 12 July 2007, published in the "Gazzetta Ufficiale" n. 247, October 23rd 2007. Applicable rules for sick leave are provided by art. n. 1, paragraph n. 788 of Italian law n. 296, December 27 2006, and subsequent modifications.

During the period of obligatory maternity leave, the allowance paid by INPS (Italian National Institute for Social Security) according to art. n. 5 of the above Decree dated 12 July 2007 is supplemented by INAF up to the total amount of the fellowship. The period of obligatory maternity leave will not contribute to the maximum duration of the fellowship foreseen by the contract.

The winner will be requested to have a personal accidents insurance for the duration of the fellowship.

Italian fiscal and social security rules will be applied.

During the period of obligatory maternity leave the allowance paid by INPS (Italian National Institute for Social Security) is supplemented by INAF up to the total amount of the grant. The period of obligatory maternity leave will not contribute to the duration of the grant foreseen by the contract.

Art. 8 – Selection Committee and selection procedure

The selection will be performed by a Selection Committee appointed by the Director of INAF/OA Brera and is composed of three members, including the scientist in charge of the project. The selection is based on qualifications, possibly integrated by an interview. The Selection Committee can establish a short list of the eligible applicants to be interviewed, on the basis of titles and qualifications and documented experience in the scientific or technological activities on the specific subject of the research fellowship. If approved by all members of the Committee, the interviews can be performed via videoconference. Applicants selected for the interview will be summoned with 15 days notice.

**OSSERVATORIO ASTRONOMIC
DI BRERA**

The total ranking score is 100 points for the evaluation of the CV: a maximum of 60 for titles and qualifications, a maximum of 20 for specific experience and 20 for the letter of recommendation. At the conclusion of the selection procedure the Selection Committee will produce a ranked list. The approval decree of the selection procedure and the ranked list will be published on INAF/OA Brera web site: "<http://www.brera.inaf.it>".

Art. 9 – Awarding of the fellowship

The highest-ranked candidate will receive a written notification with an offer of the research fellowship, which will be anticipated by e-mail to assure a speedy process. Within 7 days from receipt of the formal notification of the award they must provide a formal declaration of acceptance of the fellowship, or of withdrawal. The declaration can also be anticipated by electronic mail. In case no declaration is received, the candidate is considered as withdrawn and thus excluded. The committee can then move down the ranking and repeat the procedure with the third-ranked candidate, and so on, until the fellowships are accepted.

Under no circumstances the signing of the contract will start a subordinate employment relationship or ensures any rights to access to permanent INAF staff positions.

Art. 10 – Starting date and fellowship obligations

Expected starting date of the research fellowship will be in April 2015. The holders of the fellowship:

- will start the research activity on due date, as for the contract with INAF - OA-Brera, unless prevented by force majeure or exceptional circumstances, of which the Director of INAF – OA Brera must be timely informed;
- will carry out their research activities under the supervision of the Principal Investigator of the project, Dr. Giovanni Pareschi and his team
- are required to issue an activity report at the end of the year as established in the contract. The activity reports will be subject to approval by the project supervisor. Approval failing, duly justified by the supervisor, will give INAF – OA Brera the right to terminate the contract;
- In case of resignations, they are required to notify in written form OA – Brera Director at least 30 days in advance of the expected date of terminating the appointment. If failing in this obligation, INAF/OA-Brera will be entitled to retain (or request the reimbursement of) the amount of salary corresponding to the fraction of the 30-day advance-notice period not fulfilled.

The holder of the fellowship who fail in carrying out their regular research activity, without producing justified reasons or lacks repeatedly to fulfill requirements or, according to the evaluation of the scientist in charge, eventually shows evident lack of skills at the planned research activities, will incur in the termination of the contract.

Temporary suspensions of the research fellowship are due in case of obligatory maternity leave or in case of illness lasting longer than one month or to any other serious reason. The reasons for suspending the research fellowship must be proved and certified, and promptly sent to the Director of INAF/OA-Brera.
