SUMMARY OUTLINE OF THE NOTICE OF COMPETITION

Subject:
Public selection procedure, based on qualifications and possible interview, for the awarding of a post-doc research fellowship, lasting one year, for the needs of the project "Archive and off-site infrastructure of the projects ASTRI and Mini-Array", entitled: “Research Grant for the planning, development and realization of the Data Archive & Management System for the ASTRI Mini-Array project”.

Description of the research activity to be carried out:

- Development and integration, within infrastructure financed with the Ibisco funds, of hardware and software solutions for the creation of data storage federations, clusters and software components, as part of a data archive for the ASTRI Mini-array project, compatible with the future testbed for the Bulk Data and Archive Management System of the international Cherenkov Telescope Array (CTA) project;
- Development of code and libraries in C / C ++ / Python for the Archive components software of the ASTRI Mini-Array and CTA project;
- Responsibility for the integration, release and installation of the Archive software in the final production environment;
- Support for the definition and revision of software documentation (use cases, software requirements, software design,...).

The possible integrative interview will focus on the topics specified below, relating to the sector of activity for which the selection is announced and the activities specified in art. 1 of this announcement:

- Astronomical Archives: methods and techniques of scientific data archiving;
- Big Data: methodologies and techniques for the use of large databases;
- E-INFRA: Infrastructures and computing tools for archiving scientific data and metadata.

Admission requirements:

In order to be admitted to the selection procedure governed by this "Call", the possession of one of the following qualifications is required:

- PhD in Computer Science, Engineering, Physics or equivalent, issued by a Higher Institute or University (including foreign);
- or
- Master degree (or 2nd level Laurea degree, if issued by an Italian University) in Computer Science, Computer Engineering or Physics or equivalent qualification, issued by a Higher Institute or University (including foreign), together with at least three years of documented experience in scientific activities.
or technological after graduation. The equivalence will be established by the selection board according to criteria defined for the purposes of the selection procedure.

A good knowledge of the English language is required.

The following skills and experiences will be considered preferential requirements:

- Masters in information technology, archiving and / or big-data analysis;
- Certifications and professional specialization schools for the management of clusters, databases and big-data mining;
- Knowledge of C / C ++ / Python programming languages;
- Knowledge of creating, managing and accessing relational and nonrelational databases;
- Knowledge of use and, possibly, management, of computing clusters.

Application for admission:

Applications must be submitted in one of the following ways:

- for Italian citizens: by certified e-mail, including all the required documents in PDF format, sent to inafaroma@pcert.postecert.it. The documentation must be sent to the address indicated, only if you have a certified e-mail box (PEC, not ordinary mail), by Sep 5, 2022 - 11:59 pm CET. Only the certified e-mail from one of the operators listed in the AgID Digital Italy Agency list is considered valid pursuant to Presidential Decree no. 68 of 02/11/2005).

- for foreign citizens: by ordinary electronic mail (e-mail) to the address inafaroma@pcert.postecert.it or by express courier to INAF-Astronomical Observatory of Rome - Via Frascati 33, 00078 Monte Porzio Catone (RM). Applications must be received no later than Sep 5, 2022 - 11:59 pm CET (the date of the postmark will not be sufficient). Late applications will not be considered.

Requests to participate can be delivered by reporting in the subject of the e-mail the following sentence: “Selection ASTRI Mini-Array project”.

Aware that false declarations against the law are punishable for and that the Administration can proceed to verify the veracity of the declarations made, the candidate must clearly and precisely declare:

- name and surname, date and place of birth, nationality, residence and address for sending correspondence,
- to possess all the requisites described in art. 2 of this announcement;
- not to be in some of the incompatibility conditions added to art. 4 of this announcement.

The lack of the declarations mentioned will result in exclusion from the selective procedure for incomplete application.

For the purposes of selection, the candidate can self-certify the possession of academic qualifications through Attachment 1.
In addition, non-EU citizens residing outside Italy, if successful, must produce originals or suitably certified copies of academic qualifications obtained outside Italy.

To participate, the following documents must be presented:

- Complete Application Form, as provided in the Annex 1 of this announcement;
- Annex 2 - substitutive declaration of certification - substitutive declaration of deed of notoriety (art. 19 - 46 - 47 of Presidential Decree 28 December 2000, n. 445);
- “Curriculum vitae”, signed and dated by the candidate, which also indicates any scholarships and research grants previously or in progress;
- Copy of a valid identity document;
- List of publications;
- Any other qualification, work experience, research activity at private public institutions and publications that the candidate deems appropriate to attach;
- List of all documents presented.

Candidates are admitted to the selection with reserve and may, at each stage, be notified of their exclusion from the selection for the following reasons:

- the application was submitted after the deadline;
- lack of demand;
- lack of a copy of a valid identity document;
- lack of the requisites indicated in art. 2.

If the reasons for exclusion are ascertained after the conclusion of the selection procedure, the candidate will lose all rights to participate in the selection; similarly, we will proceed if the production of false declarations is ascertained.

INAF declines all responsibility for loss of the application or documentation when this derives from the fact of the applicant for having provided incorrect contact details or for having failed or delayed notification of any changes.

**Duration of the research fellowship**

The duration of the fellowship is one year, renewable if necessary subject to the assessment of the needs of the research program, subject to a reasoned request from the Scientific Responsible and subject to verification of financial availability and, in any case, within the limits provided for in article 22, paragraph 3, of Law 240/2010 and subsequent amendments and additions.

**Location of the research grant**

The location of the study and research activity will be the Astronomical Observatory of Rome. The candidate will be able to participate in a transfer abroad.
Amount of the research grant

The gross annual amount of the research grant is €28,000.00; this amount is to be understood net of the charges to be borne by the Astronomical Observatory of Rome and will be paid in deferred monthly installments.

THE DIRECTOR OF THE “OSSERVATORIO ASTRONOMICO DI ROMA”

Dr. Lucio Angelo Antonelli
