DECREES

Art. 1 - Research project

A selection based on titles and qualifications, possibly integrated by an interview, is open to award one research fellowship, “Assegno di Ricerca – Tipologia A POST-DOC”, entitled “Variability in Relativistic Jets”.

MULTIFAST is a new research program co-funded by a 4-year CIG Marie Curie Action recently awarded to Dr. Piergiorgio Casella. The overall program aims at studying the multi-lambda fast variability from relativistic jets from stellar-mass compact objects, by means of advanced timing analysis of high time resolution multi-wavelength datasets, semi-analytical and numerical models for the variable spectral emission from a jet from a stellar-mass compact object, and detailed comparison with observational data.

The successful applicant will perform research in collaboration with Dr. Piergiorgio Casella and the other members of the MULTIFAST research team, specifically on:

- Semi-analytical and numerical models for spectral emission from Jets in X-ray binaries;
- Disk-Jet connection;
- Multi-wavelength variability: statistic and modeling.

Art. 2 - Requirements

Applicants must fulfill the following requirements, under threat of being excluded, in order to participate in the selection:

- PhD degree in Physics or Astronomy issued by an Italian (or foreign) Advanced Studies Institute or University.

Preferential qualification will be considered such as a significant and documented experience in: theoretical modeling with semi-analytical and/or numerical codes; Physics of astrophysical jets; analysis and modeling of high time resolution data.

A good level of the English language is required.

Art. 3 - Application procedure

INAF

Osservatorio Astronomico di Roma
Direzione

Applications should be sent in electronic form only (PDF), by e-mail with acknowledgement of receipt, to the attention of Dr. P. Casella at the address: piergiorgio.casella@oa-roma.inaf.it. Only applications received within September 15, 2013 will be given full consideration. Please quote reference " MULTIFAST: Postdoctoral Fellowship" on all correspondence.

A. The applicant must state clearly and precisely in the application form, under his/her own responsibility:

- name(s) and surname, date and place of birth, nationality, place of residence and address for correspondence;
- that he/she satisfies all the requirements described in article 2 of this Call;
- that he/she is aware of and is not ineligible under any of the restrictions described in article 4 of this Call.

The lack of any of the above mentioned declarations will determine the exclusion from the selection procedure for incomplete application.

B. The applicant should send the following documents:

- (1) Complete Application Form, as provided in attachment to this announcement;
- (2) Curriculum vitae, signed and dated by the applicant, detailing on past experience on the subject of this fellowship;
- (3) Statement of research interests and qualifications;
- (4) List of publications;
- (5) Copy of a valid identity document (ID card or passport).

C. The applicant should also arrange to have three letters of reference by scientists familiar with his/her work, sent directly to the same e-mail address.

INAF accepts no responsibility for the loss of applications or documents, where due to the applicant having provided incorrect contact details or having failed or delayed in notifying changes of these details, or to problems with postal delivery not due to INAF.

Art. 4 - Ineligibility and incompatibility with other funding

The Research fellowship cannot be held either by INAF employees holding both permanent and non-permanent contracts, nor by regular employees of Institutes listed in article 22, paragraph 1 of Italian Law n. 240/2010. Fellowship holders are not allowed to enroll in a "Laurea Specialistica", or "Laurea Magistrale"

(Master Level) degrees, or to enter a PhD program covered by a separate fellowship. For employees of the Italian Public Administration, a compulsory unpaid leave of absence is foreseen.

The fellowship cannot be held contemporarily with other fellowships of whatever kind, except those awarded with the aim of integrating the training or research activity of the fellowship holder through a period spent abroad. Aggregation of income from working activities, also part-time, carried out continuously is not accepted. Instead, limited self-employed occasional work is compatible with the fellowship, only if this is not prejudicial to the research activity carried out for INAF. This must be authorized in advance by the Director of INAF/OA-Roma, where most part of the research activity is carried out.

When formally accepting the fellowship, the successful candidate will issue a declaration of absence of inadmissible cumulating of fellowships/fellowships.

Retired persons are not eligible for Research fellowship.

Also excluded from participation are persons who have carried out Research fellowships under article 22 of Italian Law 240/2010 for a total period exceeding four years, including extensions, but excluding the periods in which the fellowship has been held in coincidence with Doctoral studies up to the maximum legal time limit of the course and excluding periods of maternity leave or sick leave, in accordance with current legislation.

Art. 5 - Duration of the Research fellowship

The Research fellowship is awarded for 12 months and can be extended for a total duration of 2 years, upon positive assessment by the responsible of the research project, Dr. Piergiorgio Casella, and confirmation of funding.

Art. 6 - Host Institution

The fellow will carry out the research at the INAF Osservatorio di Roma, where the MULTIFAST program will be located.

Art. 7 - Salary

The gross yearly salary for this position will be 30.000,00 (Thirty-thousand/00) Euro.

This amount is net of burdens to be charged to INAF/OA-Roma and will be paid in deferred monthly installments.

Applicable fiscal rules are the provisions of art. n. 4 of Italian law n. 476/1984 and subsequent modifications and integrations. Applicable social security rules are art. n. 2, paragraph 26 and following paragraphs of the Italian Law n. 335/1995 and subsequent modifications and integrations. Applicable rules for obligatory

maternity leave are provided in the Decree of the Italian Ministry of Labour and Social Security dated 12 July 2007, published in the "Gazzetta Ufficiale" n. 247, October 23rd 2007. Applicable rules for sick leave are provided by art. n. 1, paragraph n. 788 of Italian law n. 296, December 27 2006, and subsequent modifications.

During the period of obligatory maternity leave, the allowance paid by INPS (Italian National Institute for Social Security) according to art. n. 5 of the above Decree dated 12 July 2007 is supplemented by INAF up to the total amount of the fellowship. The period of obligatory maternity leave will not contribute to the duration of the fellowship foreseen by the contract.

Art. 8 - Selection Committee and selection procedure

The selection will be performed by a Selection Committee appointed by the Director of INAF/OA Roma and is composed of three members, including the scientist in charge of the project. The selection is based on qualifications, possibly integrated by an interview. The Selection Committee can establish a short list of the eligible applicants to be interviewed, on the basis of titles and qualifications and documented experience in the scientific or technological activities on the specific subject of the research fellowship. If approved by all members of the Committee, the interviews can be performed via videoconference, to ease the procedure for foreign candidate and reduce costs. Applicants selected for the interview will be summoned with 15 days notice.

The total ranking score is 100 points: a maximum of 70 for titles and qualifications, and a maximum of 30 for the interview. At the conclusion of the selection procedure the Selection Committee will produce a ranked list.

The approval decree of the selection procedure and the ranked list will be published on INAF/OA Roma web site: <http://www.oa-roma.inaf.it>.

Art. 9 - Awarding of the fellowship

The highest-ranked candidate will receive a written notification with an offer of the research fellowship, which will be anticipated by e-mail to assure a speedy process. Within 10 days from receipt of the formal notification of the award she/he must provide a formal declaration of acceptance of the fellowship, or of withdrawal. The declaration can also be anticipated by electronic mail. In case no declaration is received, the candidate is considered as withdrawn and thus excluded. The committee can then move down the ranking and repeat the procedure with the second-ranked candidate, and so on, until the fellowship is accepted.

Under no circumstances the signing of the contract starts a subordinate employment relationship or ensures any rights to access to permanent INAF staff positions.

Art. 10 - Starting date and fellowship obligations

The start date of the research fellowship will be agreed between the successful applicant and the scientist in charge of the project, and should be anyway not later than April 2014. The holder of the fellowship:

- will start the research activity on due date, as for the contract with INAF/OA-Roma, unless prevented by force majeure or exceptional circumstances, of which the Director of INAF - OA Roma must be timely informed;
- will carry out her/his research activities under the supervision of the Principal Investigator of the project, Dr. Piergiorgio Casella, who will also monitor the fellow's progress;
- is required to issue periodical activity reports as established in the contract. The activity reports will be subject to approval by the project supervisor. Approval failing, duly justified by the supervisor, will give INAF - OA Roma the right to terminate the contract;
- is required to send a written note in case of withdrawal, with at least 30 days notice, otherwise INAF/OA-Roma will be entitled to retain or request the reimbursement of the salary amount corresponding to the notice time-span she/he has failed to send.

The holder of the fellowship who fails in carrying out her/his regular research activity, without producing justified reasons or lacks repeatedly to fulfill requirements or, according to the evaluation of the scientist in charge, eventually shows evident lack of skills at the planned research activities, will incur in the termination of the contract.

Temporary suspensions of the research fellowship are due in case of obligatory maternity leave or in case of illness lasting longer than one month or to any other serious reason. The reasons for suspending the research fellowship must be proved and certified, and promptly sent to the Director of INAF/OA-Roma.

Art. 11 - Personal Data

In accordance with art. 13, paragraph 1 of the Italian Legislative Decree n. 196/2003 and subsequent modifications, personal data provided by the candidates will be used exclusively for the purposes of this selection. Candidates wishing to obtain further information, or to exercise their rights under art. 7 of the above mentioned Legislative Decree, may contact the Responsible for the administration of this call.

Art. 12 - Responsible Employee

The Responsible Person for this Job announcement processing is Dr. Danilo Antonelli.
