Art. 6 – Host institution

Host institution of the fellowship is INAF – IASF Milano. Depending on the needs of the research programme – established by the Scientific leader of the project – it could be possible that the grant holder is requested to carry out a period of activity at other INAF research Institutes or other Italian or Foreign Astronomical Research Institutes. When travelling the grant holder will be reimbursed in accordance with the rules described in the “Manuale per il trattamento delle spese di missione” of INAF.

Art. 9 – Selection procedure

The selection is based on qualifications integrated by an interview. The interview has the aim to verify the candidate's attitude to research and his/her professional value in order to carry out the tasks required for the selection.

Evaluation criteria will be defined in advance, and qualifications will be evaluated before the possible interview.

Applicants selected for the interview will be summoned with adequate advance notice by registered letter with acknowledgement of receipt or by e-mail, if the candidate stated in the application form his/her e-mail address.

To be admitted to the interview, candidates must exhibit their identity documents.

Art. 10 – Qualifications evaluation and ranking list

The comparative evaluation is based on the qualifications performed by the applicants integrated by an interview. Evaluation criteria, and particularly the ones concerning the specific research activity, and qualifications applicable scores will be defined and reported by the Selection Committee before examining the available applications.

The ranking will be done on the basis of the candidates' qualifications and activities such as: University Degree Thesis, Postgraduate qualifications and specializations, research activities both at public and/or private institutions, grants and publications.

Considering the qualifications evaluation and the applicants experience related to the proposed research subject, the Selection Committee shall draw up a short list of eligible applicants to be interviewed.

The total ranking score established by the Selection Committee is 100 points, of which 50/100 is the maximum score for qualifications and 50/100 is the maximum score for the interview.

Nevertheless, the Selection Committee could define in advance a minimum score to reach in order to be admitted to the interview. Likewise, the Committee could define a minimum final score to be used to select eligible candidates to be included for the final ranking.

The list of the eligible candidates, ranked by their individual score, shall be publicly notified by posting it on the official Notice Board of INAF – IASF Milano via Bassini 15.20133 Milano.

Within the same time limit of ten days, in case of renunciation, the winner is bound to provide formal declaration of renunciation to the INAF – IASF Milano.

Under no circumstances the signing of the contract starts a subordinate employment relationship or ensures any rights to access to permanent INAF staff positions.

The grant holder is bound to take out a health insurance - unless he/she benefits from the National Health Service pursuant to Law 833/1978 – and an insurance policy against accidents at work prior to starting his/her research activities, otherwise revocation of the grant is foreseen. The insurance policy documents must be produced upon contract signing.

As for third-party civil liability, the grant holder will be covered by insurance policy drawn up by INAF. The policy does not cover civil liability of the grant holder towards INAF.

In case of voluntary resignation or layoff of the grant holder, the next eligible applicant in the ranking list is entitled to receive the remaining amount of the grant salary, after signing the contract.

Art. 12 – Starting date and obligations

The starting date of the grant is established by the Director of INAF – IASF Milano in the notice of summons for drawing up the contract. Starting date of the fellowship is expected to be **November, 1st 2014**.

- e) to present a final report of the overall research activity to the Director of the INAF-IASF Milano, after approval from the scientific leader.

In case of no compliance with the above obligations, the grant holder will be informed of the possible start of administrative procedure for terminating the contract, and he/she will be allowed to submit his/her own reasoned reply on the matter to the Director of the INAF-IASF Milano in writing.

The grant holder will be informed by reasoned notice both in case the administrative proceedings are filed away without further consequence, and in case of actual decision to terminate the contract.

The reasons for suspending the research grant must be proved and certified, and promptly sent to the Institute.

In case of contract rescission, the grant holder is bound to send a written communication with 30 days' notice. The notice starts from day 1 or day 16 of each month.
