INAF
OSSERVATORIO ASTRONOMICO
DI CAPODIMONTE

Rectification of call for applications – Directorial Determination 265/26 of 27 October 2026.

Correction to preferential qualifications in the call for applications Public selection procedure, based on qualifications and an interview, for the awarding of 1 post-doctoral position (band 2) — pursuant to Article 22-bis of Law no. 240 of December 30, 2010 — with a duration of 12 months (subject to possible extension), to support the project "PRORIS - EMMETT: Innovative approaches to maximize the impact of Euclid on Multi-Messenger and Time-Domain Astrophysics," CUP: C63C24001630005

1. The second paragraph of Article 10 of the call for applications, concerning preferential qualifications, is replaced in its entirety by the following:
   The following shall be considered preferential qualifications:
   - knowledge and experience in the reduction and analysis of spectroscopic and photometric data of superluminous supernovae and kilonovae;
   - knowledge and experience in the use of spectral synthesis and radiative transfer codes;
   - knowledge and experience in the field of time-domain surveys and follow-up campaigns;
   - ability to work autonomously and with originality;
   - ability to work within a team, including remotely.

2. Moreover, the point number 3, letter b), is replaced in its entirety by the following:
   "Knowledge of the following scientific topics: study of the population of astrophysical transients in wide-field images acquired by the Euclid mission."

Naples, 6 November 2026
