

INAF and the gamma-ray Astrophysics

Present

Future

Round Table

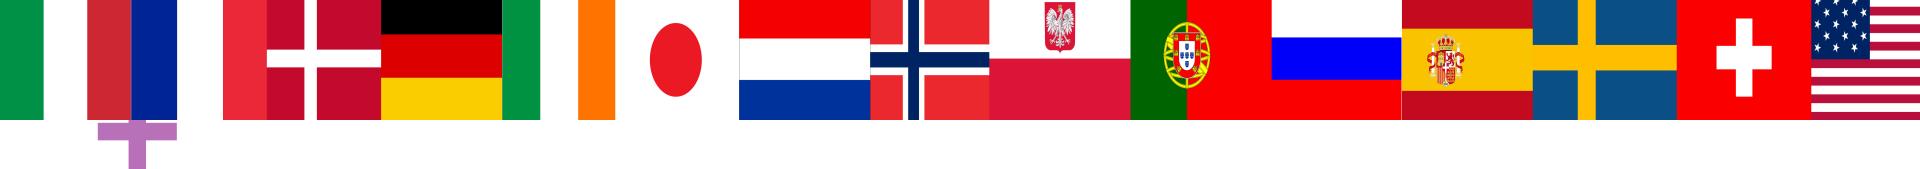

Convenors

I. Donnarumma, A. Stamerra, S. Vercellone

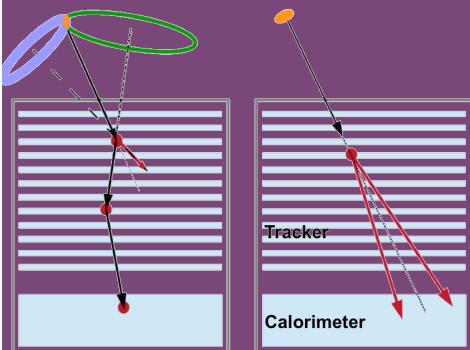

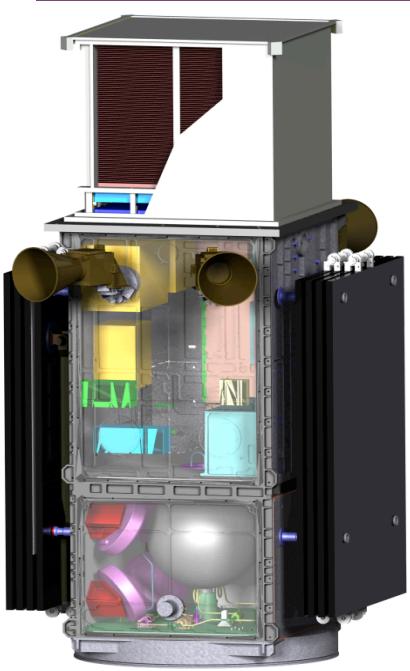

PUNTI DI DISCUSSIONE/DOMANDE

- Interesse INAF nell'Astrofisica delle Alte Energie
- Interdisciplinarità con altri strumenti/frequenze e altre macroaree
- Attrattive nelle gradi collaborazioni per persone giovani
- Travaso esperienza (staff+precari) da esperimenti in essere a esperimenti futuri
- Problema dei grandi progetti; aspetto tecnico (costruzione)/scientifico (osservativo/interpretativo).

e-ASTROGAM payload designed to be
~ 1000 kg for the ESA – M5 call .

Heritage and technology

ladders of wire-bonded SSSDs in [Fermi/LAT](#) and [AGILE](#), and of
wire-bonded DSSDs in [PAMELA](#) and [AMS-02 + ASTRO-H/HXI](#)
